LOGIN/ REGISTER

LOGIN

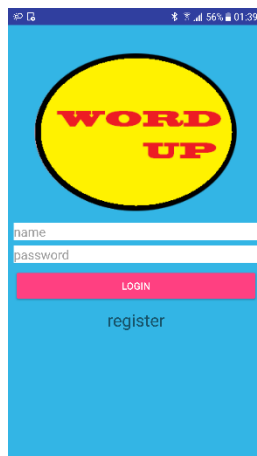

Figure 1

This screen shown in figure 1 will be displayed when the App is first launched. If a carer wishes to login they must enter their username and password in the boxes labelled username and password, once these are entered you must click the pink login button below.

REGISTER

The screenshot shows a mobile app interface with a blue background. At the top, there is a yellow circle with the text "WORD UP" in red. Below this, there are three input fields: "choose username", "set password (4-10 characters)", and "retype password". At the bottom of these fields is a red button labeled "REGISTER". The status bar at the top shows 77% battery and the time 14:41.

Figure 2

This screen shown in figure 2 be displayed when a carer who wishes to register presses the “register” button. They will be required to enter their username in the first box labelled username and their password in the second box labelled password. Once details are entered you must press the register button and a “Account created” message should appear if registry is successful.

1

ADD PATIENT

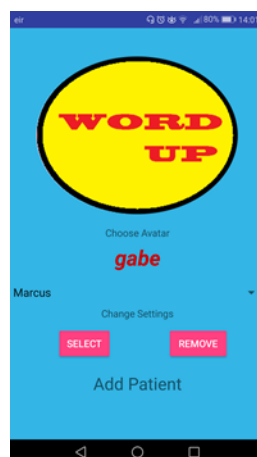

The screenshot shows a mobile app interface with a blue background. At the top, there is a yellow circle with the text "WORD UP" in red. Below this, there is a section titled "Choose Avatar" with a red button labeled "gabe". Below this, there is a section titled "Marcus" with a dropdown arrow. Below this, there is a section titled "Change Settings" with two red buttons labeled "SELECT" and "REMOVE". At the bottom of the screen is a red button labeled "Add Patient". The status bar at the top shows 80% battery and the time 14:41.

Figure 3

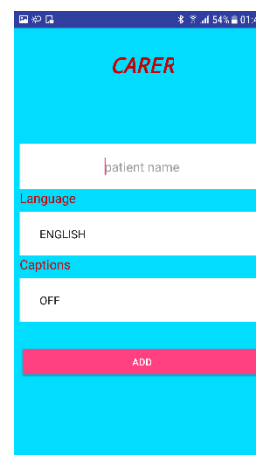

The screenshot shows a mobile app interface with a blue background. At the top, there is a red button labeled "CARER". Below this, there is a section titled "patient name" with a text input field. Below this, there is a section titled "Language" with a dropdown menu showing "ENGLISH". Below this, there is a section titled "Captions" with a dropdown menu showing "OFF". At the bottom of the screen is a red button labeled "ADD". The status bar at the top shows 54% battery and the time 01:41.

Figure 4

If you wish to add a patient you must click the Add Patient button shown in figure 3 once you have successfully log in. The screen will then display the figure 4 screen and the patients details must be entered. After entering the patients details you must then click the add button shown in figure 4.

ADD AVATAR

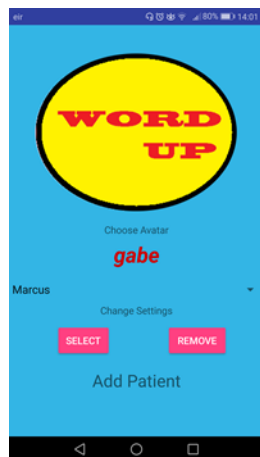

Figure 5.1

Figure 5.2

If you wish to add an avatar to a patient you must first be on the screen shown in figure 5.1, then you must select the patient from the list of patients. After you have selected the patient, you must then click choose avatar and then select one from the avatars shown in figure 5.2.

2

SELECT PATIENT

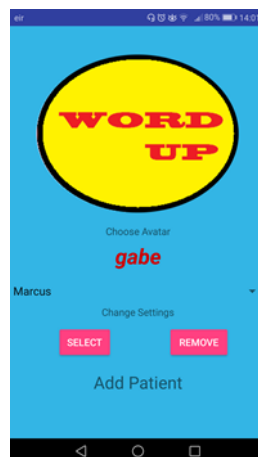

Figure 6

If you wish for a patient to display their customised tiles, you must pick the patients name from the drop-down menu of patients shown in figure 6. Once you have selected the patient you wish to show their tiles, you then press the pink select button shown in figure 6.

DELETE PATIENT

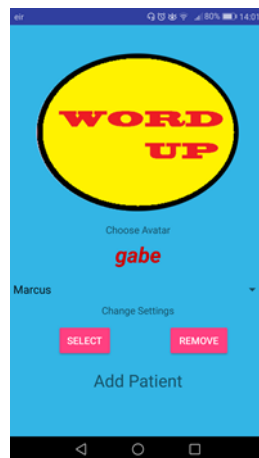

Figure 7

If you wish to delete a patient, they must select the patients name from the drop-down menu shown in figure 7. After they have selected the patient they wish to delete, you must press the pink remove button shown in figure 7. The patient will then be deleted from your care.

3
